CONFERENCE
MRC2024

April 19-21, 2024

Jumeirah Emirates Towers
Dubai, United Arab Emirates

Myositis from Diagnosis to Treatment

Day 1 - Workshop A

- 1) Complimentary to your conference registration you are invited to attend the parallel workshop at **April 19, from 09.00-12:00**. Register for the workshop online at www.mrc.gccair.org

- 2) Attend the workshops at **April 19, 09.00-12:00**

REGISTER NOW
Limited seats available!

- 3) Certificate of Attendance will be provided once the workshop are completed

*Join Us for an In-Depth Exploration
of Myositis, Tailored Exclusively for
Rheumatologists.*

Who Should Attend?

Rheumatologists seeking to deepen their understanding of myositis, enhance their diagnostic skills, and explore the latest treatment options.

Why Attend?

- Gain insights into cutting-edge diagnostic and treatment strategies.
- Enhance your clinical skills with interactive case studies
- Network with peers.

Workshop Highlights:

1. Introduction to Myositis

2. Latest Diagnostic Criteria & Techniques

- Advanced imaging in myositis diagnosis
- Muscle biopsy: When and how?
- Autoantibodies and their clinical implications

3. Treatment Strategies: A Comprehensive Guide

- Conventional therapies and their limitations
- Biologics and emerging treatments
- Multidisciplinary approach to management

4. Case Studies: From Diagnosis to Management

- Interactive session discussing real-life cases
- Treatment challenges and how to overcome them

5. Research Trends & Future Directions

- Current research landscape in myositis
- Potential breakthroughs on the horizon

6. Q&A
